

APPROACHING ALZHEIMER'S First Responder Training

Make your first response the right response.

The Alzheimer's disease epidemic continues to grow. As a first responder, it's critical to be prepared to face it in your community. People with Alzheimer's or another dementia can unknowingly put themselves and others in dangerous situations. Understanding the disease is key to ensuring you make the right response.

The Alzheimer's Association® *Approaching Alzheimer's: First Responder Training* is a free online course to prepare you to respond to common calls involving a person with dementia.
