## Grab the Teamapp - App

A great feature of our membership system on Teamapp is that there is an actual "app" you can download for Apple or Android devices.

The app allows you to subscribe to events, receive alert notifications, access exclusive content and more.

Need more incentive? During the season, there will be exclusive deals and prizes for members who have downloaded the app and connected their membership.

If you haven't grabbed it yet, what are you waiting for?! Get it from the Apple or Google Play stores
